Muh. Akbar Idris

Master's Student in Data Science Statistics | Spatial Statistics Researcher

muhakbaridris@apps.ipb.ac.id | ORCID: 0009-0000-2995-1975 | github.com/muhakbaridris

PROFILE

Professional biography

Master's student in Data Science Statistics at IPB University. Research interests span spatial statistics, machine learning, ethnobotany, bibliometric analysis, and geographically weighted modeling for environmental and agricultural challenges.

EDUCATION

2024-Present **M.S. in Data Science Statistics**
IPB University, Bogor, Indonesia

RESEARCH EXPERIENCE

2025-Present **Graduate Researcher**
Spatial prediction of rice production using geographically weighted random forest in Indonesia.

2024-Present **Independent Researcher**
Quantitative and spatial methods in ethnobotanical research.

PUBLICATIONS

2026 **From Mapping to Modeling**
Ethnobotany Research and Applications. DOI: 10.32859/era.34.56.1-10

2026 **Integrating Ethnobotany and Quantitative Methods**
Ethnobotany Research and Applications. DOI: 10.32859/era.34.37.1-9

2026 **Clustering of Central Java Districts Based on Educational Indicators**
Journal of Mathematics, Computations and Statistics. DOI: 10.35580/xen35m31

2025 **Pemodelan GWR pada Prevalensi Severely Stunting**
Journal of Mathematics: Theory and Applications. DOI: 10.31605/jomta.v7i1.4873

2025 **Youth Empowerment in Ecosystem Management**
Jurnal Pemuda Indonesia. DOI: 10.65125/nq8dv394

2023 **Pemetaan Produksi Perikanan Tangkap dengan DBSCAN**
Journal of Mathematics: Theory and Applications. DOI: 10.31605/jomta.v5i2.2930

2022 **Some Fixed Point Results on Multiplicative Metric Spaces**
Journal of Mathematics: Theory and Applications. DOI: 10.31605/jomta.v4i1.1845

TECHNICAL SKILLS

Programming and analytics

Python, R, SQL, spatial statistics, GWR, GWRF, machine learning, data mining.

Tools

ArcGIS, QGIS, Google Earth Engine, LaTeX, Git.
